PARKING RATES

# SEE EXCITING EXHIBITS AND DISPLAYS FROM OVER 350 COUNTRIES

“Excellent exhibition. Very good platform to know and get contact on the relevant product and people.

**PGK Royal Malaysia Police**

“It was an overwhelming 3 days at TRD booth at Milipol Asia-Pacific. We have welcomed lots of delegations such as the Minister, Police Commissioners, Ambassadors, Chief Executives, end-users not only from own home market, Singapore and also many others from the region such as Malaysia, Thailand, Indonesia, Vietnam, Cambodia etc.

**Cheria Widayanto**

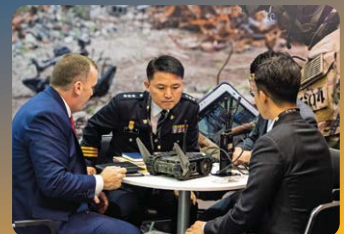

Marketing Specialist, TRD Consultancy Pte Ltd, Singapore

“We exhibit for the first time at Milipol Asia-Pacific. We are also expanding our reach to Asia market and we met many potential buyers.

**Bahtiyar Tasyagon**

CEO, HATSAN, Turkiye

# SPECIALISED WORKSHOPS

EXCLUSIVE SEMINAR,

## HOSTILE SURVEILLANCE AND INTELLIGENCE

**COUNTER TERRORISM**  
CERTIFICATION BOARD

Milipol

4th of April, 2024

Register Now: [maria@ctcboard.org](mailto:maria@ctcboard.org)

Our philosophy emphasises early identification of a sophisticated adversary through a deep understanding of their behaviour, information collection, and operations.

Pre-attack field intelligence is crucial, and is gathered through various methods. This course focuses on recognizing hostile surveillance, disrupting planning cycles, preventing hostile acts, and establishing a surveillance detection-capable program. Attendees can gain essential insights to enhance their security approach.

## ANALYZING TERRORISM THREATS: BEFORE AND AFTER 7/10 ATTACK PERSPECTIVES

**COUNTER TERRORISM**  
CERTIFICATION BOARD

Milipol

5th of April, 2024

Register Now: [maria@ctcboard.org](mailto:maria@ctcboard.org)

Join our one-day course to assess the readiness of current security strategies for future challenges. Drawing parallels with impactful events like 9/11 and the 7/10 terrorist attacks, we delve into crucial questions about preparedness.

Gain a unique, firsthand perspective on the 7/10 terrorist attack, explore details such as tactics, planning, and the unfolding of the event. Delve into the tools and methods used, offering valuable lessons from one of the most substantial terrorist attacks to date. Enhance your understanding of current threats and fortify your approach to security in this insightful course.

# TECHX SUMMIT CONFERENCE

## THEME: ARTIFICIAL INTELLIGENCE AND HOMELAND SECURITY

The Conference helmed by HTX will center around “Artificial Intelligence and Homeland Security”. The various topics will be exploring the multifaceted role of AI in Homeland Security. The aim of the conference is to provide an impactful and engaging platform for thought-leaders and practitioners, in government, industry and academia to discuss trends, strategies, challenges and the latest innovations, as well as to provide invaluable networking opportunities to foster greater collaborations.

### HEAR THE OPINIONS OF 28 DISTINGUISHED INTERNATIONAL SPEAKERS

**DIMITRI KUSNEZOV**  
Under Secretary  
for Science and Technology, U.S.  
Department of Homeland Security

**JENNIFER RUBIN**  
Chief Scientific Adviser and  
Director General,  
Science, Technology, Analysis and  
Research (STAR) Group

**JEFF MOSS**  
President,  
DEF CON Communications, Inc

**SIMON CHESTERMAN**  
Vice Provost  
(Educational Innovation),  
National University of Singapore &  
Senior Director (AI Governance),  
AI Singapore Dean of NUS College

## PROGRAMME HIGHLIGHTS

DAY-1 | 3 APR, WED

- **STRATEGIC OVERVIEW OF AI AND HOMELAND SECURITY: CURRENT STATES AND FUTURE DIRECTIONS**  
What are the strategic directions for AI in homeland security? This distinguished panel of top government officials and industry experts will discuss current AI applications, their effectiveness, and limitations within the domain of homeland security. Attendees will gain a nuanced understanding of AI's potential risks and the opportunities ahead to revolutionize homeland security applications.
- **INDUSTRY'S ROLE IN AI DEPLOYMENT FOR HOMELAND SECURITY**  
Industry-government partnerships are critical for enhancing homeland security infrastructure. Does AI have a role to play in this? Featuring leading figures from the private sector, this panel aims to shed light on how industries are leveraging AI technologies, the challenges they face, and the potential for implementing AI in homeland security.

## PROGRAMME HIGHLIGHTS

DAY-1 | 3 APR, WED

- **SAFE ADOPTION OF AI**

This session brings together a distinguished panel from government, industry, and academia to address the ethical considerations crucial for the safe adoption of AI technologies. The focus will be on preventing potential infringements on privacy, avoiding the perpetuation of bias and discrimination, while also discussing the enablers for responsible AI use. The panel aims to outline a framework for the transformative role of AI in society, ensuring it serves as a tool for positive social impact.

---

DAY-2 | 4 APR, THU

- **SECURING BORDERS: THREATS AND CHALLENGES**

With the rapidly evolving challenges in global travel, trade, and security, how has border security been affected? This panel will discuss the current landscape, emerging threats, and the importance of fostering collaboration between government and industry to ensure border management has the cutting-edge technologies to ensure security and efficiency.

- **BATTLING CYBER CRIMES AND SCAMS**

This panel, which brings together leaders from law enforcement, industry, and academia, will provide an in-depth look at current trends in cybercrime, how we can use AI/ML algorithms, forensic analysis, and digital watermarking to counter these threats, and how our collaborative efforts can enhance cyber resilience and prevent crimes in the digital realm.

- **HUMAN-CENTRIC INNOVATION IN THE AGE OF AI**

Is there a place for human innovation in the age of AI? This panel will explore how AI-driven innovation can be harnessed to complement and augment human creativity. The session will offer strategic insights for leaders on integrating AI into innovation programs, and how they may chart a course to navigate the AI transformation journey responsibly.

---

DAY-3 | 5 APR, FRI

- **AI - CAPTURE THE FLAG CHALLENGE & TRAINING (3 ~ 5 APRIL 2024)**
  - **BIOMETRICS INSTITUTE'S FR WORKSHOP AND MEETING**
  - **HTX - IEEE EMERGING TECHNOLOGIES FOR PUBLIC SAFETY WORKSHOP**
  - **INTERNATIONAL FORUM TO ADVANCE FIRST RESPONDER INNOVATION (IFAFRI) ANNUAL MEETING**
  - **LEADERS IN CRISIS MANAGEMENT FORUM**
  - **NAVIGATING AI FRONTIERS IN HOMELAND SECURITY**
-
